

“Bang Bang Bang” / M. Dukurs

.
do you want to be Gazelle
or run like Cheetah
slightest mistake
and someone's going down

it's like russians rullette
our futures on a table
who's gonna win
sinners or heaven

...
beat your enemies
defeat is not acceptable
you're not alone in this
we got to win, cause

**if you live by the gun
you die by the gun
bang bang bang
you die by the gun**

..
all this violence
it's insanity
has the world gone mad
or just everything around me
how many steps do you take
before you pull the trigger

...
beat your enemies
defeat is not acceptable
you're not alone in this
we got to win, cause
